Foreword

As you look through this book you will recall many of the events of the year. Although this is nothing more than a "scrapbook," it represents a fine group of students and faculty. Some may feel that the year was without meaning - just a passing of time - while others may feel that they accomplished their educational goal. The goal of the yearbook staff was to outline the school-year through the use of pictures. This goal was accomplished even though an outline does not tell the entire story. May each viewer recall the many wonderful days at Tyrone School as he looks through this edition of the BOBCAT.

- YEARBOOK STAFF

Superintendent's Message

To the Graduating Class of 1972

Many years ago a book was written that, in fact, divided and united mankind. It was written covering much time and thought. Three words symbolized the thought of this writing: FAITH, HOPE and LOVE. There is but one word to add, and that is WISDOM.

May each of you learn from error, forgive those that are unjust, and believe there is a better, brighter tomorrow. Without our deepest expression of humanity, our world may indeed be in peril.

We have lived as a race through much pain, fear, and devastation. I sincerely believe we, together, will live on to a new and better world.

As we have watched our space efforts, the magnificence, a feat unequaled, there is one phrase that should, on the final trip, be left as man's symbol of life. The plaque should read, "We need each other."

May your lives be filled with much success, and may each of you find your hopes and fulfill your dreams. Go in peace, live in love.

Sincerely,
HOWARD HELGESON
